

Footsteps Nursery

Relationship With Parents

Parents and carers are the main educators of their young children. The aim of Footsteps Nursery is to work in partnership with parents to provide quality in early year's education.

To achieve this we will:

- Welcome contributions of parents and carers in whatever form this may take.
- Encourage parents and carers to take an active part in supporting the group.
- Make all new parents aware of the group's systems and policies.
- Ensure there are opportunities for parents and carers to discuss the progress of their child with the pre-school leader.
- Ensure that parents and carers have opportunities to contribute from their own skills, knowledge and interests to the activities of the group.
- Make known to all parents and carers the system for reporting queries, complaints and suggestions.
- Provide opportunities for parents to learn about the curriculum offered in the setting and about young children's learning in the setting and at home.
